PROFESSIONAL PROFILE

I'm a filmmaker graduated from Jorge Tadeo Lozano University in Bogotá. My career has been oriented towards story telling, directing and screenwriting, including studies on acting. I have directed four short films, from wich three of them have won several awards, such as Audience Award at Bogoshorts, Best Short Film at Villa de Leyva's Independent Film Festival and Best Short Film at Festival Itinerante de Cine mi Barrio (Popayán), among others.

I have experience working in art and production coordination departments.

I worked as the academic programmer of Eureka-University Film Festival in its third version (FDC grand winner).
